ABOUT ME

Motivated IT student with a strong foundation in full-stack web development and hardware engineering. Experienced in building responsive web applications using the MERN stack and developing IoT solutions with microcontrollers.

EDUCATION

- Bachelor of Science in Computer Science (Year 3)
| Royal University of Phnom Penh | 2024 – Present
- Full-Stack Web Development Bootcamp
| Master IT school | 2025 – 2026

WORK EXPERIENCE

An aspiring Junior Full-Stack Developer and IT student with a strong foundation in MERN stack development. While actively seeking my first professional internship, I have gained substantial hands-on experience by conceptualizing, developing, and deploying several full-stack web applications. I am a fast learner, highly disciplined, and committed to leveraging my technical proficiency in coding to contribute effectively to real-world projects in a professional environment.

SKILLS

- **Frontend** : HTML , CSS, JS , REACT , TAILWIND , GSAP
- **Backend** : Node.js , Express.js , TS , Next.js
- **Database** : MongoDB
- **Tool** : Git, GitHub, VS Code, Postman, Deployment, AI Coding Assistants (GitHub Copilot/ChatGPT)
- **Others** :
 - Communication
 - Teamwork
 - Problem-solving
 - Responsible for time and job
